## EDUCATION

**Green University Of Bangladesh**

*Bachelor Of Science In Computer Science And Engineering*

Rupganj, Narayanganj, Bangladesh

*Feb. 2022 – Feb. 2026*

## TECHNICAL SKILLS

**Languages:** JavaScript, Python, C, HTML/CSS

**Frameworks:** React, NextJs, Node.js, Express.js, Tailwind, Material-UI

**Database:** MongoDB, MySQL

**Developer Tools:** Git, PostMan, Firebase

**CMS:** Shopify, Wordpress

## PROJECTS

**UniSync** | *NextJs, MySql, Express.js, Ollama*

- Developed a full-stack room booking web application with AI chatbot integration for enhanced user interaction.
- Implemented real-time room availability checks and conflict detection using natural language queries.
- Integrated Ollama API to enable chatbot-based room booking, schedule inquiries, and intelligent suggestions.
- Built RESTful API using Express.js and MySQL for room, user, and booking management with secure authentication via JWT and cookies
- Designed responsive frontend using React.js, Tailwind CSS, and SWR for dynamic data fetching and mutation.

**Round Trip** | *TypeScript, Expressjs, MongoDB, Firebase*

- Developed "Round Trip", a travel site for trip planning and booking
- Used TypeScript for scalable, maintainable, and type-safe code
- Stored data like bookings and itineraries using MongoDB
- Handled server-side logic with Express.js for smooth operations
- Secured user login with Firebase Authentication
- Designed a clean and accessible UI for better user experience

**Sybratic** | *Shopify, Liquid, JavaScript, CSS*

🔒 Password:1

- Developed and customized a responsive Shopify store with tailored Liquid sections and eCommerce functionality.
- Built a custom interactive Quiz system to provide personalized product recommendations based on user preferences.
